

LE ONLY- From Operator to Instructor: Mastering the Transfer of Skill

This 2-Day course focuses on having the knowledge and skills to create an effective learning environment is essential to becoming a successful instructor. This hands-on professional development course is designed for new instructors seeking to enhance their instructional abilities and presentation techniques. Participants will be introduced to modern, research-based methods for training adult learners, while also developing practical strategies to foster a productive, engaging, and thriving learning environment in both the classroom and on the range.

Effective instruction goes beyond subject matter expertise—it requires the ability to communicate, engage, and lead a productive learning environment. This course is designed for both new and experienced instructors seeking to elevate their teaching effectiveness through modern, proven methods of adult learning.

New instructors will build a strong foundation and confidence, while seasoned instructors will refine their delivery, sharpen presentation techniques, and avoid complacency. The result is more engaging instruction, improved student retention, and a higher standard of training performance.
